EDUCATION & MEMBERSHIPS

- ◆ BSc & Diploma in Architecture, RIBA part III - Bartlett School of Architecture & Planning, University College London
- ◆ ARB no 055439A
- ◆ RIBA individual member
- ◆ AECB and Green Register individual member
- ◆ Retrofit Coordinator to PAS 2035 (in training)
- ◆ PRINCE2 foundation project management (in training)
- ◆ UK Citizen

BIM CAD & GRAPHIC SKILLS

- ◆ Revit - very good, used in BIM level 2 setting, integrating different disciplines' models, could teach at basic level. 6 years' experience.
- ◆ Viewpoint 4 Projects - have run several projects through this and its predecessor.
- ◆ MS projects and NBS
- ◆ Sketchup - good skills for design development and communication.
- ◆ AutoCAD - was very good, can still use where required.
- ◆ Vectorworks & Microstation - some exposure, no project experience.
- ◆ Freehand drawing - very good for communication purposes.
- ◆ Modelmaking - used from time to time - card, foam, timber and (limited) 3D printing.
- ◆ Adobe Creative Cloud - have used InDesign and Photoshop for reports and display boards, also Premiere for simple video creation.
- ◆ Standard office software - Microsoft and LibreOffice text, spreadsheet, DTP and presentation software all extensively used. Touch typing.
- ◆ Communications software - happy with MS Teams, Slack, Zoom, Messenger, WhatsApp, and can adapt to most platforms as required. Home working capable.

EMPLOYMENT HISTORY & EXPERIENCE

October 2016 - December 2016:

Freelance journalism & pro-bono architectural work in the community; education in Passivhaus and low carbon retrofit.

January 2015 - October 2020: AWW Inspired Environments, Bristol

Project Architect, leading team on residential conversion of listed buildings and newbuild flats, from inception & design through planning to completion (won UK property award). Project architect on a variety of other schemes including industrial & education buildings as well as residential and mixed-use.

Contact: philip.bevan@aww-uk.com or chris.mitchell@aww-uk.com

July 2014 - December 2014: Gaunt Francis Architects, Cardiff

Architect. Led design on office tower and podium conversion in Slough from inception through to pre-planning, involved in a mix of other projects rural and urban.

Contact: alan.francis@gauntfrancis.co.uk or toby.adam@gauntfrancis.co.uk

June - July 2014: RIBA Living Cities Challenge, Bristol - winning entry with "Garden City Bristol", presented at Arnolfini gallery. Also took a Revit course at City of Bristol College during this period.

March 2014 - May 2014: Roberts Limbrick Architects, Gloucester

Design architect in housing team, newbuild and conversion developments in the Midlands and Wales. Developed new house types and worked on masterplan for redevelopment of Newport docks. Designed newbuild scheme for planning application in Abergavenny.

Contact: aaron.terry@robertslimbrick.com or aled.roberts@robertslimbrick.com

November 2007 - March 2014: Miller Bourne Architects, Hove

Project architect for re-design, planning application & construction of 95 flats, public square & link route, with community room, playground, underground parking, landscaped gardens, planted walls & roof terraces. For Southern Housing Group, all to Code 4 and Lifetime Homes standards. Won Evening Standard Award for Best Affordable Housing development in 2014. Project architect for new residential and mixed-use schemes (including healthcare) in Brighton and Hove - won SE region LABC award for the largest of these, also Ecohomes & BREEAM excellent. Design architect for new extension to Arts & Crafts estate in Haywards Heath. Design architect and advisor to independent school providing development masterplan including possible residential site.

Contact: graemelhawkins@hotmail.com or moulsonandrew@gmail.com

August 2006 - October 2007: Clearwater Architecture, Uckfield, East Sussex

In-house architect for private developer. Numerous residential newbuild and conversion projects (including oast-houses). Achieved trunkful of planning permissions, and took one project on as private job by agreement at the end of the contract. Also did planning work for Grade II* listed apartment in Hove at this time.

Contact: *Steve Neilly, Hidden Place, Framfield Rd TN22 5RP*

September 1998 - July 2006: Pollard Thomas Edwards, London:

Project architect and detailed construction design leader for estate redevelopment including 130 newbuild houses & flats, new park & transport routes - won commendation in Housing Design Awards. Key contributions to newbuild designs & construction detailing at Adastral South (Barnet) Page Road (Hayes) & Southwold (Hackney). Design & technical architect on other housing schemes in Ealing, Hackney, Islington, Merton & Wandsworth. With Steve Fisher established role of "design troubleshooter" for the practice.

Contact: *Stephen Fisher, Judith Marshall, Roger Holdsworth*

1995-1998: Neil Thomson Associates, Muswell Hill: Project Architect

1988-1995: London Borough of Islington Architect's Department
